

## Floorplan - Ablutions

## **Roofplan - Ablutions**

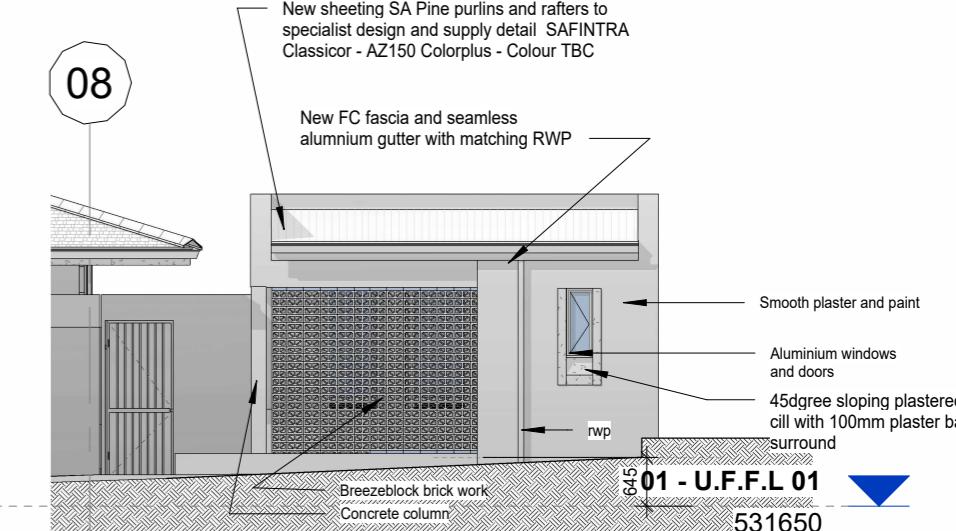

## **Section - Ablutions**

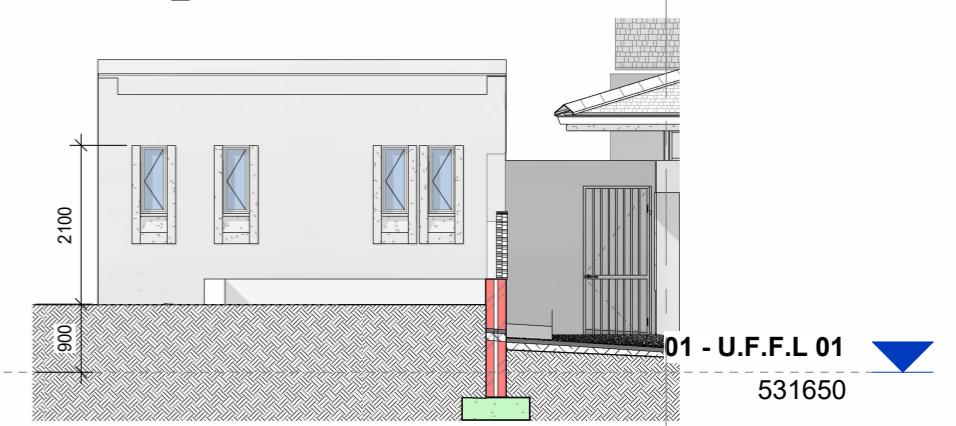

## **CEILING - Ablutions**

This architectural cross-section diagram illustrates the internal layout and construction details of a building extension. The diagram shows a single-story extension with a gabled roof. Internal rooms include a 'UA WC 3 m<sup>2</sup>' (Unisex Washroom) and a 'FEMALE STUDENT 8 m<sup>2</sup>' (Female Student Room). The structure features a 'Bulkhead' separating the two areas. The roof is supported by a central column and includes 'New ceiling and insulation'. The foundation is indicated as 'Concrete foundation to ground level'. Construction details include 'Door undercut 90mm' and 'New floor finishes'. External features shown include 'New FC fascia and seamless aluminium gutter with bracketing RWP and spreader' and 'New sheeting SA Pine purlins and rafters to specialist design and supply detail SAFINTRA Classic AZ150 Colorplus - Colour TBC'. A legend at the bottom right identifies colors: blue for 'Existing', red for 'Proposed', green for 'Temporary', and grey for 'Structural'. Reference numbers '01 - U.F.F.L 01' and '531650' are also present.
